Systems**

Price Match Guarantee

We Won't Be Beat On Price.

If You Find A Better Offer, We Will Match It.

Rest assured, you will pay the lowest rate possible for solar thermal energy!

We want you to be confident you are getting the best value available. If you receive a qualifying offer* from anyone else, we will match their price;

It's That Simple.

***Qualifying Offer:** A qualifying offer must use the same technology and type of equipment (collectors, tanks, pumps, controls, plumbing, etc.) and must match the financing structure (lease or purchase, re-bates, down payment, etc.) that we offer. It must be offered by a licensed contractor certified by the CSI Thermal program. The offer must be in writing, and the installing contractor must demonstrate their ability to deliver the project as quoted by showing an actual installed contract at the same price.
